LETTER ROGATORY FOR RELIEF

Under the Hague Convention Title 18 §1781

I, R. P. Beneficiary for the R. A P. H, E. N cestui que trust,
to notice the Court of my Letter Rogatory to the UTAH COUNTY, DAVIS COUNTY DISTRICT COURT,
and demand my name including my daughter's name be cleared of this alleged criminal/civil case for
the reasons set forth below:

- 1) I, R. P. have learned that this alleged Court that has scheduled a case/cause/claim against me is not really a court as per the Constitution of the United States, but rather a tribunal operated as a private corporation.
- 2) I have learned of the fraud that goes on behind the scenes of these alleged criminal case(s), which are civil claims in equity, and the steps taken to securitize these civil claims, without giving full disclosure to the people. I am hereby letting the court know that I am opting out of any contract and do not allow any documents regarding me, my daughter or our cestui que trust to be securitized and sold to any investors etc.
- 3) The fraudulent process is as follows: All cases are civil, though often fraudulently called criminal. The courts are operating under trust law, assuming the Defendant is a decedent. After finding the alleged Defendant guilty, the court clerks sell the judgments to the Federal Courts. Since the Defendant is a decedent, the court officials consider themselves as a beneficiary.
- 4) When a judge asks if a person understands, he is asking if the person is liable for the bond. I am not responsible for the bond of these cases, but I will appoint the Judge as Trustee/Fiduciary and be the beneficiary of all proceeds.
- 5) The judgments are stamped with something to the effect of Pay To The Order Of on the back and taken to the federal discount window. The judgment now becomes a note.
- 6) The notes are then pooled together and then become securities, which are yet pooled together and sold as bonds.
- 7) Said bonds are liens against me.

The law stated herein is for your clarification not an agreement/omission/contract/covenant that the Undersigned has entered or agreed to enter into any foreign jurisdiction.

It has recently come to my attention that the IRS, & the SSA, and the federal courts have willfully been making injurious "presumptions" which prejudice my Constitutional rights by trying to associate me with the "idem sonans", which is the all caps version of my Christian name which is in fact a trust previously associated with a "public office" in the United States government by virtue of the Social Security Number attached to it. Further information is to help clear up any presumptions and set the record straight.

The undersigned tendering this document is a Trustee/Secured Party/Bailee by fact; not:

DEALING WITH SOVEREIGN CITIZENS

The bluntly idiotic substance of Mr. Mead's argument explains the unnecessarily complicated manner in which it was presented. OPCA arguments are never sold to their customers as simple ideas, but instead are byzantine schemes which more closely resemble the plot of a dark fantasy novel than anything else. Latin maxims and powerful sounding language are often used. Documents are often ornamented with many strange markings and seals. Litigants engage in peculiar, ritual-like in court conduct. All these features appear necessary for gurus to market OPCA schemes to their often desperate, ill-informed, mentally disturbed, or legally abusive customers. This is crucial to understand the non-substance of any OPCA concept or strategy. The story and process of a OPCA scheme is not intended to impress or convince the Courts, *but rather to impress the guru's customer.*
